10th Global BIG latch on 2019

Covenant HealthCare is proud to support The Big Latch On event this year and will be hosting a special day for the community.

Lactating moms and their babies will gather together to breastfeed and offer support to one another. Friends, family and the community can join this celebration to promote and support breastfeeding.

Learn more about support services in your community, join in the educational walk highlighting the benefits of breastfeeding and enjoy a light lunch. Siblings are invited to ride their bikes in the walk. There will be plenty of entertainment for children of all ages, along with a variety of vendors providing resources around the community.
