

The Covenant Cancer Care Center welcomes Stacy

as she helps her audience improve their quality of life by lowering stress, handling change and becoming more resilient – no matter what their circumstance. Stacy's humor is witty, creative, clean and professional.

She shares how she went from losing everything, including almost her life, in a three week period.

Her comedy won her first place in "Colorado's Got Talent". See how Stacy teaches happiness when life is a mess!

HOW TO BE
HAPPY
