Saturday, May 4, 2019

Registration/Breakfast 7:30 a.m./Conference 8 a.m.-4:30 p.m.

LOCATION

Covenant Healthcare Mackinaw
5400 Mackinaw Road
Saginaw, MI 48604
Lower Level Conference Room

OVERVIEW

Rehabilitation professionals are continually exploring ways to enhance their treatments to improve patient outcomes. The 2019 Neuro Rehabilitation Symposium: Current Trends in Stroke Management will bring together an expert multidisciplinary faculty presenting topics for professionals who care for patients who have survived stroke. This includes evidence-based information necessary to provide excellent care across the continuum.

TARGET AUDIENCE

Physicians • Medical residents/students • Nurses/nurse practitioners/students • Physician assistants/students • Occupational, physical, recreational and speech therapists/students • Psychologists • Social workers • Rehabilitation program administrators • Rehabilitation specialists • Case managers • Other professionals involved in stroke care.

OUTCOMES

By attending the 2019 Neuro Rehabilitation Symposium: Current Trends in Stroke Management, participants will be able to discuss the acute treatment of stroke in adults as well as implications for children with strokes. Attendees will be able to explain the impact of tone, contractures and spasticity and management techniques to improve outcomes. They will be able to explain the importance of constraint-induced movement therapy to increase the use of the affected or weakened limb, nutritional issues and challenges including hydration and dysphagia management strategies. Attendees will be able to discuss potential visual deficits and the role of neuro ophthalmology. In addition, attendees will be able to discuss sex, intimacy and relationship issues faced by the patient and their spouse or partner. They will be able to identify key challenges and management strategies presented in the case study.
