

Over the years, the Foundation has heard from numerous retirees about fond memories of days working at the organization. Many miss relationships with former co-workers and staying up-to-date with latest developments at the hospital. As another way to keep alumni connected, we are now producing this publication three times per year. These inserts will include updates with information submitted by retirees to share life events, awards, honors, and other news as submitted by alumni.

WHAT'S NEWS WITH OUR ALUMNI

Susan E. Wagner

(Saginaw General) Retired 1995 after 32 years of service

After attending St. Mary's Nursing School, Sue began her career in the Birth Center. She later moved to the Regional Neonatal Intensive Care Unit (RNICU) as one of the original staff members, before working in the surgical department. Sue enjoys her family, and was able to work on her husband's days off so someone would be at home with their children. Sue and her husband were married 48 years when he passed away.

Sue has been keeping busy with the State Street Methodist Church parishioners program taking blood pressures and writing a health newsletter. Some of her friends are volunteering as cuddlers in the RNICU. When she read an article in one of the Covenant newsletters asking for nurses to help with the Visiting Nurse Association (VNA) flu shot clinics, she signed up to help for several years- always keeping her nursing license current. Sue's son now works as a flight paramedic and people often comment, "When is your mother coming back?"

Carol Roga

(Covenant) Retired 2013 Covenant HealthCare Foundation

Carol started out at St. Luke's in the Information Systems department. She went to school to be an administrative office manager and worked the last 20 plus years with the Foundation.

Since retirement, Carol has been enjoying life. She loves traveling, concerts, movies, plays at Pit & Balcony, and spending time at her mom's place up north – lots of tubing these last two summers. Carol and her husband Andreis have been traveling out west to visit family, enjoying the beautiful states. In addition, she was also able to do some crabbing along the coast, seeing many attractions. More trips are in her future.

When she isn't traveling, Carol continues to volunteer with Covenant HealthCare Foundation assisting with mailings, data entry and other needs. She also enjoys volunteering at Amazing Grace animal rescue in Saginaw, although she admits it is difficult not to take all the animals home.
