Services that require Prior Authorization

ADMISSION REQUIREMENTS

HAP must be notified when the member is admitted, even if prior authorization was obtained for the procedure to be performed.
(For example: Authorization may have been obtained from eviCore for the procedure. The facility is still required to contact the HAP Admission and Transfer Team once the member is admitted to obtain the inpatient authorization.)

DISCLAIMERS

This list is inclusive of all possible procedure codes as identified by HAP. In an unlikely event that a procedure code is not on the list it will require HAP review and an authorization number.

The information contained in the Services that require Prior Authorization List is protected by copyright laws. Duplication should occur only with permission from the HAP Corporate Office.

Providers shall not modify, translate, decompile, disclose, create nor attempt to create any derivative work in the Services that require Prior Authorization List.

Treating providers are solely responsible for medical advice and treatment of Members.

HAP's Benefit Coverage Policies and Procedure Reference Lists apply to all HAP lines of business offered through any HAP affiliate including insured and self-funded plans except for the following: ASR and HAP CareSource.

Coverage of services for Members is based on the Member's subscriber documents and is subject to all terms and conditions including specific exclusions and limitations. This type of document includes the following: Schedule of Benefits, Subscriber contract; Member Benefit Guide, or an Evidence of Coverage document (for Medicare Advantage Members). Benefit Administration Manual (BAM) policies are developed to provide guidance to members and Providers.

NEW TO MARKET MEDICAL DRUGS

New to Market Medical Drugs must be reviewed and approved by HAP Pharmacists or Medical Directors. Please reference the "New to Market Medications Evaluations Policy" on BAM and click this link for the current list of New to Market Medical Drugs

NON-PREFERRED FORMULATIONS

Non-Preferred Formulations must be reviewed and approved by HAP Pharmacists or Medical Directors. Please reference the "Biosimilar and Preferred Formulations Policy" on BAM and click this link for the current list of Preferred and Non-preferred drugs.

RULES

• HAP members must receive care from contracted providers.
• Prior authorization is required for any service listed below, when provided by a non-contracted provider.
• Members that have a PCP affiliated with Henry Ford Choice, HFPN or Genesys Choice require authorization for ANY service, when provided by a provider/facility outside their assigned network/plan.

VERIFYING BENEFIT COVERAGE

To determine if a procedure is a covered benefit and meets criteria, providers must utilize HAP's online Member Eligibility Application (MEA) and the Benefit Administration Manual (BAM). It is imperative that you verify benefit coverage prior to rendering service, as failure to do so may result in denial of payment and Members must be held harmless.

BEHAVIORAL HEALTH PROVIDERS

Behavioral Health providers should refer to the Coordinated Behavioral Health Management (CBHM) Outpatient Authorization Requirement list. Log in at www.hap.org; select Quick Links; Procedure Reference Lists; CBHM Outpatient Authorization Requirement list.

IMPORTANT

HAP continuously reviews and monitors all procedures to determine any potential changes of coverage that would affect current procedure lists. Otherwise, the Services that require Prior Authorization list will be reviewed and updated on a monthly basis. Always check the list on the HAP website, as it is the most current list and printed copies may be incomplete or outdated. If you would like to suggest additional services to be added to the Services that require Prior Authorization list, please contact us and we will take your request into consideration for the next scheduled revision. Any suggestions or questions should be directed in writing to:

Sr Project Consultant (4N floor) Medical Policy
Health Alliance Plan
1414 E. Maple Road
Troy, MI 48083

or

EMAIL to: lkootsi1@hap.org

Medicare Comp (Wrap) Members for outpatient services no longer require an authorization and pass through as long as the Member is IN PLAN and In Network.

Prior authorization is not a guarantee of payment
